Freelance Web Developer & Consultant

avlindfors / Online / 2022 -

I help realize your ideas with custom websites and applications. I work mainly with TypeScript (*React, Remix, Next.js*, *Node*) and PHP (*Laravel*).

Consultant (Tele2)

Alphadev / Stockholm / 2021 -2024

During my assignment at Tele2, a Swedish telecom company, I worked in close collaboration with design and stakeholder teams to successfully migrate multiple legacy services to modern platforms.
Tools: React, Express, Node, Java, GraphQL, Redux, Azure Devops, Kubernetes, Micro Frontends

Consultant (Coop)

Forefront Consulting / Stockholm / 2020 -2021

At Coop, a Swedish grocery store chain, I developed order intake and payment solution APIs and authentication systems for online and in-store customers.
Tools: Java, Spring Boot, Kafka, React, Vue

Older Experience

Tablecheck

Tokyo / Web Developer / 2019 -2019

Erlang Solutions

Stockholm / Erlang Developer / 2017 -2018

Ericsson

Stockholm / Software Engineering Intern / 2017 -2017
